

The KOEHLER eClinical GmbH is a well established Contract Research Organization for all essential aspects of medical statistics, clinical data processing and EDC solutions. Company's headquarter are in Freiburg and representation offices are in Berlin and Konstanz. Our services are targeted among others at clients in the pharmaceutical and biotech sector, health insurers and the public sector, including medical research institutes.

To strengthen our team in Freiburg we are looking for a

Senior Statistician (m/f/d)

Responsibilities:

The primary responsibility is to work on the evaluation of clinical trials from phase I up to phase IV. The position involves working closely with physicians, data managers and programmers in study team.

- Provides consultation to clients on study design, statistical research approaches, requirements and scientific standards, as well as enquiries and requirements of public authorities
- Participates in the design and review of study protocols including sample size calculations and randomization
- Writes statistical analysis plans and reporting specifications
- Performs the statistical analysis and prepares statistical reports
- Participates in writing integrated reports and scientific publications

Job Requirements:

The applicant is expected to have a MSc or PhD in statistics or mathematics as well as a comprehensive knowledge of biostatistics, at least 7 years experience in the pharmaceutical industry or at a CRO. The applicant should also be familiar with SAS. Experience as a biostatistician in early clinical development and comprehensive knowledge in Bayesian methods is advantageous.

What can you expect:

- A positive corporate culture with an open and cooperativ working environment
- Short decision-making processes
- A nice and very good, qualified team
- Independent working practices in diverse and varied projects
- Comprehensive and attractive fringe benefits
- Full-time job with a flexible work time
- We would like to offer you the opportunity to work as a freelancer for us, too.
